Negative results	201
Tests that are pending	3
Positive results	14
Total known positive results in Leavenworth County	20

Leavenworth County is creating a map to allow the public to track our progress in the fight against COVID-19. We hope to have this map available to the community in the upcoming days.

One of the most effective ways we can slow the spread of COVID-19 is to practice social distancing and comply with the Stay at Home Order, which instructs citizens to only leave their homes to conduct the business they need for their essential, day to day existence.
